FINISHED AND TECHNICAL SOLUTIONS

Kaya Profile Provides a Complete Range of Solutions Including Skirting, Stairs, Profiles and Welds

2018

Profile in Company

KAYA PROFILE has been established on 2008 in İstanbul - Turkey. It proudly focus its efforts to serve its customers with ambitious terms of quality, reliability and expertise with PVC skirtings.

We have faced the demands of the market and are the trademark for innovation, competence and quality in plastic producing today. We have been investing for years in plastic technologies, sharing its expertise with skirtings.

Dynamic team, flexible delivery conditions, fast responsiveness, respect for nature and human are just some features you will find throughout our organisation.

We are continuously working on new products and searching for the most cost-effective solutions in always high quality standards.

Our trained, dedicated and experienced staff operate the most advanced extrusion and rotation machineries at strict quality assurance standards.

EXAKT SUPER-306 HEAVY DUTY INDUSTRIAL GLUE GUN

Professional Heavy Duty Industrial Glue Gun for 18,3mm

- 600 watts heating power
- Temperature control from 140 °C up to 230 °C
- Drip-free nozzle with silicone protection
- Stroke adjuster to preset the amount of glue output
- Lit On/Off switch
- Integrated stand as well as ergonomically formed TPR-handle with long, effort-saving trigger for fatigue-free working

Professional Series Exakt SUPER - 306 Glue Gun for 18,3mm

- Quick exact solution
- Seamlessly adhesion on dry surfaces
- The curing time of 10 sec
- Excellent adhesion to the Plastic-Wood Metal surfaces
- Plastic-Wood-Metal products perfect wall and floor sticking
- Low adhesive cost of
- Low labor cost of
- For professional (intensive) use
- Not be used in wet and humid areas
- Application must be extremely dry place

These drip-free nozzles are at your disposal for our BickresExakt Super 306 and Exakt VE-212 Glueing guns, helping to comply with your most different application conditions

EXAKT VE-212 INDUSTRIAL GLUE GUN

Heavy Duty Industrial Glue Gun for 11,3mm Glue Stick With

- 220 watts heating power
- Temperature control from 120 °C up to 220 °C
- Drip-free nozzle with silicone protection
- Stroke adjustor to preset the amount of glue output
- Lit On/Off switch, light weight non breakable housing and clip stand
- Ergonomical formed handle with long, effort-saving trigger for fatigue-free working

Exakt VE - 212 Glue Gun for 11,3mm

- Quick exact solution
- Seamlessly adhesion on dry surfaces
- The curing time of 10 sec
- Excellent adhesion to the Plastic-Wood Metal surfaces
- Plastic-Wood-Metal products perfect wall and floor sticking
- Low adhesive cost of
- Low labor cost of
- For amateurs (the infrequent) use
- **Not be used in wet and humid areas**
- **Application must be extremely dry place**

These drip-free nozzles are at your disposal for our BickresExakt Super 306 and Exakt VE-212 Glueing guns, helping to comply with your most different application conditions

PRODUCT DESCRIPTION

Glue Stick 041 - H11 - H18,3 / 200 provides the following product

CHARACTERISTICS

Technology : Synthetic Polymer
 Product Type : Hotmelt
 Application : Bonding wide range of materials
 Appearance : Whitish, nearly transparent

APPLICATION AREAS

- Cardboard
- Wood and processed Wood
- Leather
- Fabrics
- Various Plastics
- Aluminum and Steel

PRODUCT PROPERTIES

The product is elastic, shock resistant and shows good cold flexibility. Glue stick 041-H provides a long open time at a relatively fast setting property and good bond strength.

APPLICATION METHOD

Adhesive gun for cartridges with a diameter of 11,3mm and 18,3mm. Recommended working temperature: 170 - 190 °C

PROCESSING

The bonding surfaces have to be stable, dry and free from grease and release agents. The bonding ability of surfaces depends on their surfaces and finish, and hast to be pretested. Sanding of the bonding surfaces improves the bond strength (remove sand and dust) Poor thermal conducting substrates should be pre-heated.

SHELF LIFE

Shelf-life in unopened original packaging months : 24
 Frost - Sensitive : No
 Recommended Storage Temperature, °C : 15 - 35

BLADES 1600

- Universal Handles and Vinly / Linoleum Trimmer
- Perfect application the exact solution
- Held welding rods in Vinly and Linoleum perfect for large - scale trimming jobs.

Mozart trimmer for trimming heat welding rods in Vinly and Linoleum precut and trimming cut carried out in one step, built-in spacer. Claws for vinly 0,50mm and linoleum 0,70mm damaging the floor. Covering nearly impossible, perfect for large-scale trimming jobs.
